SOTI MobiControl Deployment Server
SOTI MobiControl Device Agent
SOTI MobiControl Web Console
SOTI MobiScan

"SOTI" means the licensor of the MobiControl Software, SOTI Inc.

2. PROPRIETARY RIGHTS

The Software, the components and all related Documentation are licensed, not sold, to You by SOTI for use only under the terms of this License. SOTI reserves all rights not expressly granted to You.

The Software, including but not limited to the source code, its components, Documentation, design and structure is the proprietary property of SOTI and is protected by copyright laws and international treaty provisions. Title to the Software, or any copy, modification or merged portion of the Software, shall at all times remain with SOTI.

3. GRANT OF LICENSE

SOTI hereby grants, upon payment of the License fee, You a non-transferable, nonexclusive, worldwide, perpetual right to:

- a) install and use the software on the number of Devices this license is purchased for. This is not a concurrent use license for Devices;
- b) install and use the MobiControl Manager and MobiControl Package Studio components on as many servers, desktop or notebook computers as You deem necessary;
- c) install the MobiControl Deployment Server component on the number of servers this license is purchased for;

- d) make one copy of the Software solely for backup or archival purposes; or
- e) transfer the Software to a single hard disk or other memory device provided You keep the original solely for backup or archival purposes; or
- f) transfer the Software to a single system, which includes a host computer with a hard disk and one Device, provided You keep the original solely for backup or archival purposes. The backup copy must include all copyright information contained in the original. You may not copy the written materials accompanying the Software.

4. MANDATORY ACTIVATION

Activation associates the use of the Software to a specific installation. During activation, the Software will send information about the Software and the installation to SOTI. This information includes the product version, registration code installation ID, and the number of Devices registered in the system. BY USING THE SOFTWARE, YOU CONSENT TO THE TRANSMISSION OF THIS INFORMATION. After the time recommended for activation expires, your rights to use the Software will be limited until the Software is activated. This is to prevent its unlicensed use. You can activate the Software by Internet or telephone. In addition to the initial activation, the Software will periodically and autonomously send the same information stated above to verify the current activation status of the Software. This is to automatically reflect changes to the License for the given installation.

5. LOCATION BASED SERVICES

The Software's location based services ("LBS") can only be used with Devices that are equipped with a GPS receiver that is internal (i.e. "native") to the unit. The LBS feature in the Software is powered by Microsoft's Virtual Earth technology. Therefore, in order to access this third-party system, the product registration code is passed from the MobiControl Software to the SOTI LBS Server, which in turn requests a non-identifying token from Microsoft's Virtual Earth service on behalf of the end user. This LBS is activated separately from the Software and may only be used on the number of Devices this LBS has been activated for; i.e. this is not a concurrent-use LBS for Devices.

6. RESTRICTIONS

Except as and only to the extent expressly permitted in this License and by applicable law, You may not:

- (a) transfer, sublicense, lend or rent the Software or use, copy (with the exception of Article 3 d), modify or distribute the Software in whole or part;
- (b) decompile, reverse engineer, disassemble, modify, or create derivative works of the Software or any part thereof.

If You do any of the foregoing, your rights under this license will automatically terminate. Such termination shall be in addition and not in lieu of any criminal, civil or other remedies available to SOTI.

7. LIMITED WARRANTY

Except as specifically stated in this License, the Software is provided and licensed "as is" without warranty of any kind, either express or implied, including, but not limited to the implied warranties of merchantability and fitness for a particular purpose. SOTI warrants that the Software will substantially perform the functions or generally conform to the Software's specifications published by SOTI and included in this package.

SOTI does not warrant that the functions contained in the Software will meet your requirements or that the operation of the Software will be entirely error free or appear precisely as described in the Software documentation. SOTI does not guarantee the performance of the software for use under every possible configuration, including but not limited to failure of the Software due to third parties software or the Licensee's computer network.

If the Software does not substantially perform the functions or generally conform to the Software's specifications published by SOTI, You may within thirty (30) days of delivery write to SOTI to report a significant defect. If SOTI is unable to correct the defect within ninety (90) days of receiving your report, You may terminate your license and this agreement by returning the Software with the original receipt and your money will be refunded.

NEITHER WILL SOTI BE LIABLE FOR ANY DIRECT DAMAGES ARISING OUT OF, OR IN CONNECTION WITH, ANY ALLEGED OR ACTUAL IMPROPER USE OR INSTALLATION OF THE SOFTWARE BY LICENSEE, ALLEGED OR ACTUAL NEGLIGENT ACTS OR OMISSIONS, WILLFUL MISCONDUCT, FRAUD OR FAILURE OF THE SOFTWARE DUE TO THIRD PARTIES SOFTWARE OR THE LICENSEE'S COMPUTER NETWORK.
